

Statement of Purpose

"Train up a child in the way that he should go, and when he is old he will not depart from it." Proverbs 22:6

Our educational program deals with each student's spiritual, intellectual, cultural, physical and artistic needs. We attempt to equip Christian young people with the Biblical view of life and train them for a life of service to God. Our goal is to help them grow, "in wisdom, in stature, and in favor with God and man" (Luke 2:52) with Christ as the example.

P.C.A. functions in cooperation with the home and church in providing a Christ-centered education. It is our desire to promote a strong relationship between family, church and school.

Therefore we encourage all school families:

- To have an active church life.
- To support the school's standards, policies and procedures and work together with it to provide Christian growth in each child.
- To support the school in prayer and by being active in school affairs and functions.
- To be faithful to meet all financial obligations in a timely manner.

Because we believe that all children are created in the image of God and are placed on earth to serve God and our fellow man, we therefore do not discriminate on the basis of gender, race, color, or national origin.

Objectives for Christian Education are as follows:

- To provide the child with the skills and knowledge necessary to achieve academic excellence.
- To provide motivating and challenging experiences that will develop creative skills, talents and the abilities that the Lord has placed into each child.
- To provide an atmosphere that promotes a positive attitude towards making life long learners.
- To promote a safe environment for learning through trial and error and to promote exploration through hands on and critical thinking.
- To provide the skills to take responsibility and ownership of ones own learning.
- To teach the child how to make Godly choices.
- To provide a child with the skills and knowledge necessary to achieve academic excellence, thereby bringing glory to Jesus Christ.
- To provide the child with the knowledge necessary to live a life that is Christ centered.
- To teach the child his/her civic responsibility and to prepare him/her for the responsibility as a citizen of our nation and a citizen of heaven.
- To teach that growth in the Christian life depends upon an intimate fellowship with God through reading the Bible and through prayer.
- To provide a stage for conflict resolution through Biblical principles.
- To promote love, kindness, selflessness, sharing, gentleness, forgiveness within conflict resolution in the lives of the children.
